OBJECTIVE

Computer Science and Engineering student seeking a Web Developer Internship to design, develop, and deploy responsive, scalable, and user-centric web applications. Proficient in HTML, CSS, JavaScript, Bootstrap, Node.js, Flask, and MySQL, with hands-on experience building commercial websites and AI-powered web applications. Passionate about creating impactful digital solutions while continuously learning modern web technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design

Backend: Node.js, Flask, REST APIs

Databases: MySQL

Programming Languages: Python, Java, C

Tools & Platforms: Git, GitHub, VS Code, Vite, Netlify

Core Concepts: Object-Oriented Programming (OOP), Data Structures, DBMS, API Integration

INTERNSHIP EXPERIENCE

Industrial Mentors

Full Stack Web Development Intern | 2025

- Developed responsive web applications using HTML, CSS, JavaScript, backend technologies, and MySQL database integration.
- Gained practical experience in full-stack development workflows, application functionality, and database connectivity.

PROJECTS

Sri Kaveri Ice Plant Commercial Website

HTML, CSS, JavaScript, Responsive Web Design

- Designed and developed a modern commercial website for an industrial ice manufacturing company featuring responsive design, product showcase, contact section, and optimized user experience for business clients.

AI-Powered Resume Analyzer

Python, Flask, Gemini API, HTML, CSS, JavaScript

- Built an AI-powered resume analysis web application that evaluates resumes using ATS-based scoring, provides AI-generated improvement suggestions, and integrates REST APIs for intelligent resume feedback.

Fake & Real Face Detection Web App

Python, HTML, CSS, JavaScript

- Developed a machine learning web application to classify fake and real faces using image preprocessing, deep learning models, and real-time prediction.

AI Chatbot Web App

HTML, CSS, JavaScript, Python, NLP

- Developed an AI chatbot web application using Python and NLP techniques to deliver conversational responses through an interactive and responsive user interface.
